WHO YOU ARE

- A passionate professional with energy modeling and daylight modeling experience and an interest (or experience) in sustainability project management
- Strong technical writing and verbal communicator with a fastidious attention to detail and flawless follow-up
- Confident, self-motivated and able to work unsupervised and in a multi-disciplinary team environment to meet deadlines
- An inspired change maker who wants to work in a fast-paced start-up environment
- You thrive in a work hard / play hard environment where you're surrounded by like-minded, passionate sustainability professionals who are working to change the world through green building

REQUIRED QUALIFICATIONS

- Bachelor's Degree in a related field
- 1-2+ years of professional experience with energy modeling (IES VE software preferred)
- Working knowledge of the primary aspects of sustainable design
- Strong skills with Microsoft Office Suite and AutoCAD
- Strong data / information management skills including ability to synthesize quantitative and qualitative data, organize and correlate findings, and incorporate into client deliverables

PREFERRED QUALIFICATIONS (NOT REQUIRED)

- Professional experience with daylight modeling
- Experience with energy simulation software: EnergyPro, Open Studio, LightStanza, etc.
- Master's Degree in related field
- LEED AP and/or other related credentials
- Experience with Revit

COMPENSATION & BENEFITS

- Full time exempt salary position
- Compensation commensurate with experience
- 100% company paid Health insurance (gold level PPO) and dental insurance
- \$750/year continuing education stipend + 100% firm paid credential exams and renewal fees
- \$100/month cell phone benefit
- \$100/month commuter benefit for reducing our carbon footprint if you do not drive to work
- IRA (after one year of employment)
- Paid Time Off (PTO) for vacation and sick days + unpaid time off available for high performers
- 9 paid annual company holidays
- Flexible office schedule
- Attend industry conferences and events including: USGBC-LA's MGBCE, and VG's Net Zero Conference
- Quarterly team great outdoors adventures
