

Job Title: Energy Analyst Intern

Location: Remote home office within driving distance of San Diego (preferred), Los Angeles, or Oakland
 Compensation: \$20 / hour

Verdical · (vər-dək-(ə)l) · *n.* an upward trend in positive environmental impact

WHO WE ARE

- Verdical Group is a leading sustainability consulting firm focused on decarbonizing the built environment. We've developed a nationally known brand and industry leading reputation over the past nine years since the company was founded in 2012.
- We specialize in the following services:
 - **Engineering:** energy modeling, daylight modeling, life cycle assessment, commissioning
 - **Green Building Certifications:** LEED, Fitwel, WELL, Living Building Challenge, CALGreen
 - **Sustainability Strategy:** net zero, zero carbon, program management
 - **Events:** we produce the nation's largest annual [Net Zero Building Conference](#).
- Our core values include: environmentalism, fun, inspiration, adventure, and continuous learning.
- We're a growing group of 13 team members with an aggressive growth plan to grow our revenue and team.
- We have offices in Los Angeles, Pasadena, and Oakland and plan to open an office in San Diego in 2022.
- Incorporated as a benefit corporation, and a high-scoring [Certified B Corporation](#), we meet rigorous standards of social and environmental performance, accountability, and transparency.
- A 1% for the Planet [Member Company](#): we walk the talk - donating 1% of our annual revenue, not just profit, to environmental nonprofit organizations.
- Committed to antiracism: our diverse team is one of our greatest assets.
- Visit us at www.verdicalgroup.com to learn more and watch our About Us video [here](#).

WHO YOU ARE

- You're looking to start a career in sustainable building design / performance.
- You have a passion for transforming data into a communication tool.
- You want a job where you can quantify the amount of CO2 reduced, avoided, or mitigated by your work.
- An all-star talent who wants to work as part of a highly respected and growing team.
- You are committed to making a positive social and environmental impact on the world through your work at VG. You will be evaluated quarterly on your performance and progress in these areas.
- An inspired change maker who wants to work in a fast-paced start-up environment.
- A strong business writer and verbal communicator with strong attention to detail and flawless follow-up.
- You enjoy working on projects for corporate clients such as NASA, Google, General Electric, and LAX.
- You thrive in an environment where you're surrounded by likeminded, passionate sustainability professionals who are working to make a positive impact on the world.

REQUIRED QUALIFICATIONS

- Successful candidates will have the desire and ability to quickly learn and support a wide variety of green building services including: energy modeling, daylight modeling, net zero and zero carbon design, carbon analysis, building code compliance, and life cycle assessment.
- Higher education in sustainability or another STEM field
- We welcome applicants of all backgrounds and encourage potential candidates to apply even if you do not meet all of the required qualifications outlined above.

PREFERRED QUALIFICATIONS (NOT REQUIRED)

- Engineer In Training (EIT) certification
- LEED Green Associate or other sustainability credential(s)
- Exposure in multiple green building rating systems: LEED, Zero Energy, Zero Carbon, etc.
- Have or are working toward a degree in sustainability, engineering, architecture, or similar
- Ability to read architecture, mechanical, plumbing, electrical and structural drawings.
- Experience with data analytics; Python scripting; AutoCAD / CAD experience; BIM / Revit modeling experience

COMPENSATION & BENEFITS

- Compensation: \$20 / hour
- Part-time paid internship (maximum 29 hours / week)
- This internship will be three months in duration (minimum), with the possibility of an extension
- Flexible office schedule (our team mostly works remotely, from home offices, at this time)
- Attend industry conferences and events including VG's Net Zero Conference
- A career pathways program with quarterly meetings to discuss career goals and personal growth.
- Great company culture that builds in full team time for things like Earth Day volunteering, café meetups, great outdoors hiking adventures, Dodger games, annual holiday dinner, retreats, and VG University.
